QRB

BOOKSHELF SPEAKER

The Essence of the Signature Line. The QRB embodies every core value of our design philosophy. Sculpted from 2cm-thick slabs of pure quartz, its elegant form is as enduring as it is acoustically inert. A foundation that allows music to emerge with breathtaking purity.

A beryllium tweeter, free of coloration and constraint, soars with effortless detail, while a meticulously voiced crossover crafted from hand-selected, exotic components ensures seamless harmony throughout the spectrum.

Room-friendly in scale yet reference in performance, the QRB brings you closer to the heart of the music, with clarity, intimacy, and emotion that resonate long after the last note fades.
