# SRB

## BOOKSHELF SPEAKER

The SRB defines the essence of Acora's Reference line. Sculpted from 2cm-thick slabs of Black Granite, its elegant, room-friendly form creates an acoustically inert foundation that allows every note to emerge with stunning purity and focus.

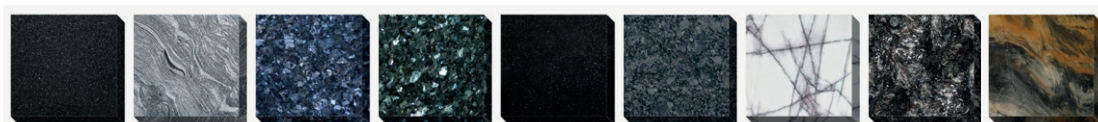

A beryllium tweeter, free to sing without restraint, joins a meticulously voiced crossover built from hand-selected exotic components. Together these deliver seamless coherence, breathtaking clarity, and a soundstage that transcends its compact form.

**Uncompromising yet versatile, the SRB brings true reference performance into any room revealing the music exactly as it was meant to be heard.**
