

SRC-2

FLOORSTANDING SPEAKER

REFINEMENT WITH POWER.
REFERENCE, PERFECTED.

*Balancing musical finesse with
authority, a step deeper into scale
and impact.*

SRC-2

FLOORSTANDING SPEAKER

Refined Power, Effortless Emotion. The SRC-2 builds upon the foundation of the Reference line with greater scale, presence, and authority — yet never loses the refinement and musical intimacy that define Acora. Each driver is carefully selected, modified, and perfected to our exacting standards, ensuring a seamless balance between precision and soul.

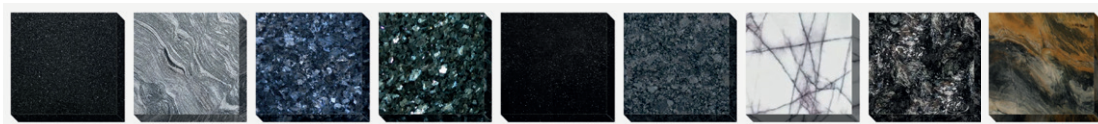

Crafted from solid granite, the SRC-2 stands as both sculpture and instrument, vanishing into the room as it fills the space with breathtaking clarity, dynamic power, and profound emotional depth.

A true reference floor standing loudspeaker, the SRC-2 delivers music not just as sound, but as an experience that envelops, moves, and endures
