## FLOORSTANDING SPEAKER

**When nothing less is everything.** The VRC is the ultimate expression of Acora's Reference philosophy — a loudspeaker created without compromise to deliver music on the grandest possible scale. Crafted from massive slabs of precision-cut granite, the VRC provides an acoustically inert foundation that allows every note to emerge with absolute clarity, authority, and truth. Its carefully refined driver array and meticulously voiced crossover open a boundless soundstage — deep, wide, and immersive — where music unfolds with breathtaking realism. From the subtlest nuances to the most powerful crescendos, the VRC conveys limitless scale, emotional depth, and lifelike presence.

**More than a loudspeaker, the VRC is a transformative musical experience.  
For those who demand everything, and accept nothing less.**
